POLICE LOOK FOR A FAKE PIANO AGENT

REPRESENTS HIMSELF AS "TED" MORRISON AND FLEECES SANTA FE RESIDENTS.

The police of this city are on the lookout for a man styling himself as "Ted" Morrison and representing himself as a collector for an Oakland piano house.

Morrison created considerable excitement and flurry in the Santa Fe district yesterday by calling at a number of homes which had purchased pianos from the Oakland firm and collecting money to the amount of \$100.

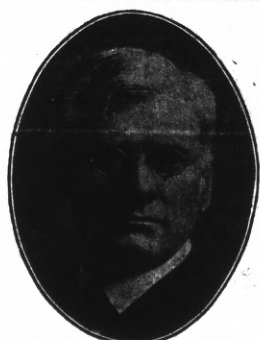

A qualified representative of the firm, while making his monthly calls in this city today, was notified of what had happened and immediately sought out Chief of Police Walker whom he notified, with the result that Inspector Ruiz was put on the man's trail. Mrs. Samuel Harp, residing at 328 Florida street, was named as one of the parties who had been fleeced by the smooth individual.

CONTRA COSTAN CAUGHT IN WAR BELT

HENRY EICHER AND DAUGHTER IN GERMANY WHEN THE EUROPEAN STRUGGLE STARTED.

A prominent and highly respected Contra Costan, with his daughter, are probably now in Germany, unable to leave the Fatherland until the present strife which has embroiled all Europe is ended. Henry Eicher of Pacheco who left early in June for Germany writes to Sheriff Veale, his friend of many years, a beautiful description of his trip, what he and his daughter have seen and while thoroughly enjoying their visit to their old home, how they long to be back in their home country.

The missive was written on the

EUROPEAN WAR IS CAUSE OF MENS ARREST

W. P. RICHARDS AND C. FENITHEL CAUGHT FIGHTING; ARRESTED AND FINED IN 20 MINUTES.

A fist fight, an arrest, a trial in the police court, and a fine of \$5.00 all of which happened in twenty minutes, is the record established by W. P. Richards, C. Fenithel, with the assistance of Police Judge Lindsey and Officer Wright today.

An argument arising over the present European war was the cause of the fist battle which took place in Fenithel's shoe store located at 927 Macdonald avenue, the racket bringing Officer Wright to the scene who placed both men under arrest. A passing machine was hailed which landed the men at the police court, following which Judge Lindsey read the law in rapid-fire fashion and concluded his U. S. neutrality oration by slapping a \$5 fine on both men.

day the Kaiser hurried home from Sweden on account of the imminent breaking of relations between Austria and Serbia which plunged all Europe into the bitterest war of modern times. It is possible that the Contra Costans may have hied themselves to France before the war broke out in which event they are probably now awaiting passage home.

Bar Endorses R. H. Latimer Attorneys Pay Tribute to Judge

Firm in the knowledge and belief that the fairest of treatment has been accorded them and their clients and believing that there should be retained on the bench a jurist of the legal knowledge and integrity which is possessed and demonstrated by Judge R. H. Latimer, the members of the bar in Contra Costa have unanimously and heartily endorsed the candidacy of the learned jurist for re-election and endorsing him, have urged their friends and the people of the county as a whole to return him to office by a flattering vote.

Judge Latimer's policy on the bench has been to extend a square deal to all. Attorneys from other

cities have received the same treatment at his hands as have his constituents and it is this square deal which he extended to all which has won for him the respect and admiration of all who have upon any occasion, or under any circumstances practiced before him. He has meted out justice and interpreted the law as in his judgment deemed best and no more could any mortal man do and his endorsement by such men as comprise the bar of Contra Costa is ample testimonial to the satisfaction which he has given.

In the following testimonial the attorneys of Contra Costa express

TRADES FLATS FOR FARM LAND NEAR MODESTO

JACK WOODWARD TO DISPOSE OF TRANSFER BUSINESS SHORTLY AND TAKE UP FARMING.

W. W. Cottingham, the local realty operator, has been kept on the jump during the past few days in closing up a number of large deals.

The latest of which was closed today whereby Jack Woodward traded his recently erected flats, located at the corner of Thirteenth street and Nevin avenue, to H. Seberin of Modesto for 50 acres of alfalfa land near that city. The deal amounts to several thousand dollars.

Woodward intends to dispose of his draying business shortly and will leave for the valley where he will enter the farming business.

DURING WAR MAIL SUBJECT TO INDEFINITE DELAY

POSTAL CONNECTION WITH EUROPE COMPLETELY UPSET, ACCORDING TO A LOCAL OFFICIAL.

If you mail a letter in Richmond today to some friend or relative in war-ridden Europe it may reach its destination, but only after a long delay. The normal ten or twelve or fourteen days will be lengthened in every instance. The delay may be a week or a month, or an indefinite period, according to Postmaster S. F. Jenkins, postmaster of the Richmond office.

"On account of the war," said Jenkins yesterday, "foreign mail conditions are almost completely demoralized. The whole problem is up to the New York postoffice, and the officials there are exerting their best efforts to keep things running. Formerly we dispatched foreign mail from this city for various sections of Europe by particular steamer at particular times. Now we send it day by day to New York without reference to any specific dispatch, and the New York postoffice gets it away on the first available vessel. There are some Italian, British and French steamers running, but soon only American steamers may be crossing the ocean. Then there will be even greater delays.

"According to our latest advices British vessels are taking the British mail, a very few French vessels the French mail and Italian vessels handle the Italian, German and Austrian dispatches. Of course, no steamer is allowed to carry mail if a belligerent. If Italy cannot maintain its neutrality it will mean we cannot send any letters to Germany of Austria at all."

YOUTHFUL WAR CORRESPONDENT VISITOR HERE

BASIL DILLON WOOD, MERE YOUTH WHO HANDLED THE MEXICAN WAR FOR PRESS, HERE YESTERDAY.

Tanned and youthful after three years as correspondent for Reuter's news agency of England in Mexico, Basil Dillon Wood, who formerly was connected with the Courier in Walnut Creek and with the San Francisco Chronicle, passed through Richmond last night on his way to San Francisco. Wood marveled at the growth of Richmond in the past few years.

"When I left there was much talk of Richmond as a coming metropolis," said the newspaperman.

RICHMOND MAN IS ON FEDERAL RESERVE BOARD

JAMES K. LYNCH CONFIRMED AS DIRECTOR FOR THE SAN FRANCISCO RESERVE BANK.

The confirmation by the United States Senate of the appointees of the Federal Reserve Board assures the early establishment of the Federal Reserve Bank of San Francisco. These banks when put into operation will form the most powerful and strongest financial institution in the world, and the country is indeed fortunate to have their assistance at this time to clinch the claim of the United States to the financial supremacy of the world.

Mr. James K. Lynch, who is a director of the First National Bank of Richmond and the Richmond Savings Bank, and a national authority on finance, has recently been elected a director of the Federal Reserve Bank of San Francisco. The Richmond institutions and the people of Richmond may well take pride in Mr. Lynch's election and the part to be played by him directly, and Richmond indirectly in inaugurating this epoch making institution.

GUBERNATORIAL CANDIDATE TO SPEAK HERE

W. C. Ralston, Republican candidate for election as governor, will give an address at the corner of Seventh street and Macdonald avenue tomorrow evening. Ralston was for a number of years in the state senate and was at one time sub-treasurer in San Francisco.

CLERK FINDS BOOK PROPHECYING GREAT EUROPEAN BATTLE

While rummaging through a set of dusty looking books today Assistant City Clerk George Jackson came across one of which the author's name was not discernable.

"On opening the book the frontispiece was taken up with a picture showing a great naval and aerial battle in progress and at the bottom the following lines: 'A battle of this nature will in all probabilities take place among the European nations in the year 1914.'"

The book bears the date mark 1846. At the time it was written it was probably looked upon as fiction which has turned out to be truth.

JUBILEE WILL BE CATHOLIC EVENT

A BEAUTIFUL HISTORICAL CHALICE TO BE USED DURING CELEBRATION MASS.

Catholics of Contra Costa county, as well as many others of the Catholic belief, around the entire bay section are looking forward to the celebration of the Golden Jubilee at the San Pablo church next Sunday. The demand for special music has called forth the volunteer services of many of the best known musicians in this section who will sing at the high mass services at 10:30 o'clock.

The music for this service was announced today by Father Porta, the pastor of the San Pablo church. The divine music program as announced is as follows:

COUPLE KEEP THEIR MARRIAGE A SECRET

Four days was too long a time for a secret to be kept with the result that yesterday Miss Ethel Williams of Stege informed her parents that she had eloped to Oakland with Samuel Kaub, of the same place.

The young couple first made each others acquaintance while employed at the California Cap works following which their love affair ripened into an engagement which culminated at an Oakland church on Monday morning.

W. C. Dunncliffe, editor of the Dixon Tribune, was a visitor in Richmond today.

JAPANESE ARE ANXIOUS TO MIX IN WAR

ITALY AND TURKEY ARE OTHER NEW FACTORS IN GIGANTIC STRUGGLE THAT NOW HAS WORLD-WIDE ASPECT; UNITED STATES WORRIED OVER ORIENTAL ATTITUDE; NAVAL BATTLE FOUGHT IN ORIENT.

Belief in Washington that Japan is anxious to participate in a world war is the latest and most serious factor of the European conflict as viewed by government representatives in Washington today. With the nonparticipation of the Orientals in the great and bloody conflict it is thought that the neutrality of the American nation, in spite of its great variety of arms, can be maintained.

With the entrance of the Japanese into the war its outcome and effect on the United States is hard to foresee.

Reports from Shanghai and Tokio from government service men indicate that the Japanese are anxious to become engaged in the conflict with the slightest provocation. The excuse they count upon is their treaty of alliance with Great Britain.

An added factor in the great struggle which is calling for the consideration of the world's diplomats today is Turkey's purchase of the German cruisers Breslau and Goeben. These ships were thought to be certain of capture in the Mediterranean as to the intended use of these ships by Turkey, on the grounds that she will not allow the neutrality of the lower Mediterranean a few days ago, but Greece also is perturbed by the purchase of the two cruisers, which she considers will upset the equilibrium of power in the Levant.

Bloodshed in the conflict is thought to have been switched from the Atlantic to the Pacific today when a report was sent out by correspondents that the identity of two warships carrying many wounded and some dead have entered the harbor at Hongkong. While they have not been identified, they are believed to be the British armored cruisers, Duplex and Montcalm. They are supposed to have had an engagement with the Scharnhorst and Gueisenu, cruisers of the same type.

Weight is lent the report of a naval engagement between the British and Germans in the Far East by an announcement of the British admiralty in London which states that the shipping along the China

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

RICHMOND HIGHLY HONORED BY DISTINGUISHED VISITORS

Out from somewhere way up north in the Portland and Astoria country came scudding through the briny deep Thursday a government boat, not very large but a veritable little palace afloat. It came down and through the Golden Gate to meet a most distinguished party of gentlemen, government officials, and members of the Congressional Board of Rivers and Harbors, Colonels, Lieutenant Colonels, Captains, Majors and the like, all of them, who arrived in San Francisco for the purpose of officially inspecting San Francisco bay and the harbors thereof. They were under pilotage of Colonel Thomas Rees, head of the Pacific engineering department, and answered to roll call as follows: Colonel William W. Black, president of the board; Colonel Frederick Abbott, Colonel Lansing H. Beach, Lieutenant Colonel Henry C. Newcomer, Secretary Roberts, Major Pond, Colonel Harry Taylor, Lieutenant Colonel E. E. Winslow, Major Charles W. Kutz, and Secretary Weber. The party was met at the Jackson street wharf by a committee consisting of Mayor Mott of Oakland, Mayor Heywood of Berkeley, President George Wall and Secretary H. W. Wernse of the Richmond Industrial Commission, H. C. Cutting, P. A. Haviland, Captain A. H. Payson, F. J. Hulaniski and one or two others whose names we failed to connect with.

It was sure some boat, and cut through the waves like an express train making up time, until it got out of the Golden Gate, where big white-capped breakers were splashing high and all over each other and anybody or anything else that got in their way, and then without any regard whatever for the stations in life occupied by those distinguished United States Government officials, it proceeded to stand on its head and then on its tail, or whatever you call the hind end, alternately and with such rapid succession that the landlubbers aboard pressed their hands firmly over the third and fourth buttons of their vests, immediately over stomachs that were rolling over and over and up and down, and slaunchwise, and otherwise, and gazed at each other with that soulful expression noticeable in the kindly eyes of a calf undergoing its first introduction to cramp colic. None of them would admit anything, and all joined in declaring they never felt better in their lives, which proved conclusively that while basically and habitually truthful they were versatile enough to strain a point and rise to emergency when occasion required.

It was very amusing to the naval gents and those who had sea legs, but to we whom luck or the Lord had endowed with just ordinary kind of legs it was serious—very, very serious. Henry Cutting said something about his complexion being naturally white, and inheriting it from his mother's side of the family. Haviland crimped up on a settee for a moment or so and said something softly to himself about "if I should die before I wake, I pray the Lord my soul to take." This dry land scribe had invested four-bits for breakfast going over on the ferry and the only reason we did not later donate it to the fishes was because of war prices and a disinclination to lose the money. Mayor Mott said something in a whisper about the wife, and family, and Mayor Heywood didn't say anything, because silence was golden and it was near the Golden Gate. George Wall mumbled something about not caring whether a city hall was built or not, or anything else, and that the whole world was a hollow mockery and whirling round right then on its axis in the wrong direction.

Then the sun broke through the fog, the waves calmed down and the government cutter sped like a bird back around the Panama Pacific Exposition grounds and other points of interest and thence straight across to Richmond, which looked even better than usual to some of us, because of being anchored to the earth. At Richmond the city mayor and council met the special Santa Fe train which conveyed the party from the outer harbor, and then some twenty or thirty automobiles laden the committee on entertainment sped around the principal waterfront points of interest of Richmond and thence out to Winehaven, where a sumptuous repast had been prepared by Manager Berndt, and to which

the entire party did ample justice. Those at the table were:

Mayor E. J. Garrard, John Nicholl, P. A. Haviland, F. V. Abbott, A. H. Pason, W. M. Black, Thos. H. Rees, H. C. Cutting, H. C. Newcomer, Lansing H. Beach, George S. Wall, Chas. D. Heywood, Frank K. Mott, W. H. Heuer, H. L. Demeritt, A. B. Barber, A. E. Anderson, Henry F. Fortmann, A. H. Weber, W. L. Paul, Fred H. Tibbitts, H. L. Penry, R. L. Fernald, G. A. Follett, F. J. Hulaniski, M. Emanuel, Lee D. Windrem, Warren H. McBryde, H. W. Wernse, D. W. McLaughlin, A. S. Macdonald, A. A. Denison, G. W. Smith, J. F. Galvin, A. O. Duggan, J. A. McVittie, J. B. Rose, A. C. Faris, G. E. Milnes, Charles Culby, H. D. Chapman, G. H. Stokes, J. B. Lawrence, Paul Edwards, W. L. Lane and J. C. Owens.

Short speeches were made by various members of the Rivers and Harbors Board, by Mayors Mott and Heywood, Major McLaughlin and a few others, Mayor Garrard, acting as toastmaster; but time was short so the talk was boiled down, but every bit of it was good—exceedingly good. The officials of the Board said plainly that they were in favor of government aid not only for the Richmond harbor project but for the entire east bay project ultimately, and should so recommend to Congress.

It was a most delightful trip, a pleasant gathering and it must redound to the lasting credit and benefit of Richmond.

We had the pleasure of meeting all these gentlemen in Washington last year, and it was a pleasure to renew their acquaintance. They are certainly among nature's noblemen, every one of them. Information of public interest gleaned in a number of personal chats with them will be written in subsequent articles on this important harbor improvement matter.

"PAT" STRONG WITH THE LADIES

Now, we thought all the time that the strongest candidate among the lady voters in this county was General Veale, who is going to be re-elected Sheriff this fall, but it seems that another "Young Lochinvar" has come out of the west—he sure came out of the west, as he was born here—who now threatens the laurels of our doughty Sheriff among the fair sex, and he is no less a person than W. S. Farley, familiarly known as "Pat," and who is making a big hit in his canvass of the county for the nomination of county surveyor. What made us wise to all this is the following which we find in the Pittsburg Post:

"W. S. Farley, candidate for County Surveyor, was here Thursday distributing some of the most attractive campaign literature we have seen this year. He has neatly printed announcements bearing a splendid picture of himself and the effect is magical. The women voters, with whom Mr. Farley is not so well acquainted as he is with the masculine element, vow that he is handsome enough to make a good official, and will get their support. Mr. Farley says he can't help it—his winsome smile will not come off, and he may, therefore be expected to look just as pleasant after election, when engaged in hard work, as he does now. The chances are that Mr. Farley will be our next county surveyor."

THE PEOPLE WON'T STAND FOR IT

The ordinary American citizen has an inborn hatred for all kinds of crookedness and double dealing. Moreover he objects most vigorously to being hoodwinked and mislead. Consequently the flagrant attempt on the part of the Progressives to steal the Republican and Democratic party nominations from the legitimate followers of those organizations is being indignantly protested. The Democrats, realizing that they have been tricked out of their right to name candidates at their State convention, have started a campaign of writing in the names of legitimate Democratic aspirants for State offices, while the regular Republicans are making every effort to educate the voters into realizing how contemptible the action of the Progressive office-grabber really is.

CONTRA COSTA COUNTY NEWS

COUNTY SHOULD TAKE ADVANTAGE OF ITS OPPORTUNITIES

That every county and section of California should be widely advertised prior, during and after the Panama Pacific Exposition will be conceded by all. With this end in view as far as Contra Costa county is concerned, the editor of this paper established at much expense no end of hard work, an exhibit of the resources and products, industrial, agricultural and otherwise, in the heart of the business district of San Francisco, calculating to show hundreds of thousands of people and also tell them, all about Contra Costa county, and every town and section in it. This we have done as far as it has been possible, but we find that many sections have not enough get up and dust and enterprize about them to even take an interest in it. This accounts for the following paragraph in the Pittsburg Post:

Will Viera was in San Francisco Thursday and visited the county exhibit, which is maintained in the Lick Building by Editor F. J. Hulaniski of the Richmond Record-Herald. He stated there were many exhibits but Eastern Contra Costa was not represented.

Now, we respectfully submit that after we have time and again offered to show entirely free of expense any exhibit which any locality in Contra Costa may furnish, and they don't bring or send anything in it is not our fault, and we have done our full duty toward them. We offer them a splendid opportunity to become known to the outside world, but cannot compel them to do so if they want to go to sleep and remain so forever and forever.

We have asked the newspapers of the county to take an interest in the matter of gaining publicity for their communities, and we have interviewed and written to dozens of men from all sections, offering to display and to talk about their displays if they would get one up. Some have done so, and some have not. We are very sorry that every neighborhood in this splendid county is not represented.

Since the above from the Pittsburg Post was printed, however, the well known and enterprising ship-building firm of Johnson & Lantieri have responded with three large pictures of their works and the ships they are building and have built; also with a fine large model of a ferry boat they constructed, a very beautiful and interesting exhibit, as far as the ship-building interests of Pittsburg are concerned. The wonderful fish industry there, however, is not shown at all, but certainly ought to be, as hundreds of strangers visit the exhibit every day and later on thousands a day will see it.

In this connection we feel grateful and pleased over the following editorial notice in the Antioch Ledger:

Some time ago we called attention to the fact that F. J. Hulaniski, editor of the Record-Herald, in Richmond, was gathering exhibits of Contra Costa products for an exhibit in the Lick Building, San Francisco.

That enterprising newspaperman now has a large number of exhibits on display, but practically nothing from Eastern Contra Costa. Now, why do not some of our orchardists or vineyardists communicate with Mr. Hulaniski and learn just what is needed and how to send it to him. Some of those big almonds that have been winning prizes, a few bunches of luscious grapes, samples of peaches, pears, grain, or in fact any product of which there are many raised in this section, would be acceptable. Think it over and do not fail to provide something. It will advertise the grower as well as let thousands of people know we are not asleep.

CROCKETT

(From the Signal)

As a result of an accident last Sunday that seriously affected much of the delicate machinery on the ferry steamer El Capitán, that vessel is off the run between Vallejo and Vallejo Junction for at least a month, and possibly for all time.

A few employees at the sugar refinery have left their jobs to answer the call to arms issued by their native land. Tuesday five Hollanders, J. DeVries, B. Bruimers, M. Schrud-

er, J. Jensen and Leo Reir, quit and left for the city to report to the Netherlands consul. Martin Tost, foreman of the refinery char house, and Paul Muller, foreman in the mill, both loyal subjects of the Kaiser, have received notifications from the German Consul in the city to be prepared to leave for the scene of war.

Those who happened to use their eyes in the fore part of the week when in the vicinity of the depot saw something that made them feel good. Every car, with the exception of one, and that contained coal, standing on the yard tracks was loaded with building material. The unmistakable sign of prosperity given by the contents of the cars brought home rather forcibly to some people the truth of the fact which the Signal has been publishing week after week relative to the improvements going on in this section. Thus it will be seen the old community is progressing. Every contractor is busy. They are all on the jump from early in the morning until late at night. A stroll about the community will show that in nearly every block improvements of some kind are under way. It's grand work and may it continue. Next week if all goes well, preliminary work on the construction of the new \$20,000 Y. M. C. A. building will commence. This undertaking will require considerable time for completion but when finished no other town the size of Crockett in the state can boast of a similar building.

MARTINEZ

(From the Gazette and Standard) The Hyde Hodges Company has commenced the work of piling along the city wharf for the platform 100 x 150 feet for the Standard Oil supply station. The same firm will also construct the float off the end of the wharf where the river craft will be accommodated with gasoline supplies.

Nell Belletti, a prisoner at the county jail, was removed to the hospital yesterday suffering from what has since developed to be a case of smallpox. Belletti has been a prisoner for several months and is a resident of Pittsburg. How the case originated is a problem which has not yet been solved.

A brush and stubble fire yesterday lapped the sides of Mt. Diablo and swept away the beautiful sylvan growth of Mitchell's canyon, which will put out of commission an attractive place of outing until next season.

While the business depression brought on by the European war has already hit many of the industrial concerns of this county a hard blow, the Selby smelter is thus far but little affected, but it is the belief that a protracted demoralization such as now exists will work a great hardship at the big Selby works.

Traffic over the Martinez-Benicia ferry is growing steadily and an increasing number of automobiles and rigs are going through daily. For the first six months of the year, which included the rainy season, 24,189 passengers were carried.

Things are on the hustle down along the municipal wharf. Besides the regular trips of the ferry steamer "City of Seattle" with its great loads of automobiles, which keep things in a whirl of dust, several bay schooners and a Smith Lumber Company boat have been discharging cargoes. Two hundred and fifty tons of rock and sand for repaving the streets were discharged yesterday. The Standard Oil company had 96,000 feet of lumber left there for its wharfage house and platform. Besides, work is going along on its station supply building. One of the Smith Lumber company boats is discharging a cargo of one hundred and fifty thousand feet of lumber.

PITTSBURG

(From the Post)

It is reported that the Oakland, Antioch and Eastern Railway company will rebuild the ferry boat Bridgit, destroyed by fire a few months ago, at this point. The new steel rolling mills will supply the

steel for the boat and arrangements are completed for handling the work at that plant.

As the result of a little agitation that has been going on for a week or more among business men in regard to forming an association for mutual protection and the advancement of both individual and collective interests there was a splendid meeting at Masonic Hall on Thursday afternoon.

The Woman's Improvement Club was a leading factor in the movement for a business men's association by reason of a petition the ladies had circulated asking the various merchants to establish a common rule for their guidance as to time for closing the stores in the evenings and providing for the suspension of business on Sundays and holidays.

ANTIOCH

(From the Ledger)

The G. H. Field Company, contractors of this place, are making an enviable reputation for bridge work and their many structures throughout the county stand as monuments to their skill.

The far-reaching effects of the war just declared by the European nations is being felt even in Antioch, as a call has been received here for all Hollanders in this vicinity, belonging to the militia, are urgently requested to return to their native land and take up arms.

There are quite a number of Smyrna fig trees in Antioch and vicinity, that so far have been entirely unproductive on account of the difficulty of securing the insectivorous capri figs necessary to caprify them. This trouble is now at an end as it has been discovered that an old tree in the original orchard on the Darby place or Chas. Shellenberger ranch south of the Lone Tree School, set out by A. C. Darby in the winter of 1871-72, is like the famous Gates tree and others set out at about the same time, a capri fig tree of the best variety, which appears to have carried the fig wasp ever since it was set out.

BYRON

(From the Times)

Positively the best piece of news that has reached this part of the country in a decade is that contained in a dispatch received from Congressman Curry on Wednesday. The War Department at Washington has approved the bridges to be constructed across Old and Middle rivers on the line of the proposed Borden Delta Road, and the Byron Times has won its long, hard fight. That a road should traverse this wonderfully rich section and connect it with the markets afforded by Stockton, Sacramento and other towns up that way, has been the fondest dream of the Byron Times, and now that it is to be realized the editor hopes he will be pardoned if he emits a crow calculated to make the morning song of King Chanticleer sound like the coo of a turtle dove. Fourteen miles shorter than the present road between Byron and Stockton via Tracy, it will bring an immense amount of travel through here, and result in developing this part of the country beyond all calculations.

CONCORD

(From the Transcript)

The contract for the construction of the steel and concrete bridge at Walnut Creek on the Alamo road was awarded Monday by the board of supervisors to G. A. Field for the gross sum of \$8,922.50.

The Ransome-Crummey Company unloaded their street roller at the S. P. depot the first of the week. It may be interesting to some to learn that the roller weighs 25,000 pounds. The bunkers for the street contractors will soon arrive. Each bunker holds two carloads of rock, and if teams cannot haul as fast as cars arrive the rock will be unloaded into the bunkers by the steam derrick which is to be installed.

WALNUT CREEK

(From the Courier)

Thursday night the Walnut Creek Business Men's Association held their annual meeting in the town hall. H. F. Spencer was re-elected for another year while Dr. H. T. Silver was elected secretary. W. S. Burpee is Vice President and Capt. O. Duncan, treasurer. The additional members of the board of directors are as follows: W. A. Rodgers, Armand Stow and S. L. Ayer.

Do you need a good kidney medicine. Then read the reports in these very columns of Richmond persons cured or benefited with Doan's Kidney Pills. You won't have to go far to find out if they are true. This Richmond case is an example. Others will follow.
"I am positive of the merit of Doan's Kidney Pills," says Mrs. B. S. Kirkpatrick, of 660 Third St., Richmond. "I have known of them for a long time and another of my family has used them with great success. Doan's Kidney Pills brought more benefit than any other kidney remedy ever did. They rid the one who took them of distressing kidney ills."

ASK DEMOCRATS TO "WRITE IN" NAMES ON TICKET

The "Democratic Write In" club of San Francisco was organized on Saturday, July 25th, for the purpose of filling the Democratic ticket by starting a concerted movement over the whole state to "write in" on the Democratic ballot at the primary election on August 25th, the names of

J. Earl Craig for Attorney General.

Mrs. Nellie G. Donohue for Secretary of State.

Loren A. Handley for State Treasurer.

Fred Frantz for Controller.

Chas. H. Spinks, member Board of Equalization, 2nd district.

"The names of candidates for Congress and the Senate and Assembly in the minus districts will be supplied when the various districts are heard from. We urgently request Democrats in these districts to meet and send us the names they desire to have written in."

"It is of the utmost importance that you call your County Committee to meet immediately and form clubs in every part of your county."

To urge all Democrats to Write In and X these names at the August primaries and to prevent the Progressives and the Republicans from filling the Democratic ticket with the enemies of Democracy.

"There will be names printed on the Democratic ballot for some of these offices, but they are the names of Progressives and Republicans who are attempting to secure the Democratic nomination. If successful, they will in addition to having the nomination of our party, secure the right to be admitted to our state convention, and participate in the writing of our platform, and the nomination of members of our State Central Committee. It is not impossible that unless Democrats are on their guard a sufficient number of our opponents will be nominated on our ticket to enable them to control our Convention. These candidates nominated by the "Write In" club will make active campaign for the election on the general ticket, and we urge you to obtain for them at the Primaries, the vote of every Democrat in your county." is the text of a statement issued by the club organizers.

STATE COMMISSION
NOW CONSIDERS
"SAFETY FIRST"

The safety first movement, as represented by the State Industrial Accident Commission, is receiving hearty co-operation from employers. R. L. Eltringham, safety engineer for the Commission, was recently taken on a 1500-mile auto trip by officials of the San Joaquin Light and Power company to make suggestions for safeguarding their workmen.

In many other instances the Commission has been assured of the hearty support of employers in matters of accident prevention. They realize that to safeguard their workmen means money saved because fewer accidents will cause less compensation to be paid. In a great many instances the number of accidents can be reduced in insurance rates by carefully safeguarding machines. In one case a refund of 25% was made to an employer in his costs of insurance, because he had made the necessary improvement recommended by the safety engineer of the Industrial Accident Commission.

Preparations are being made by the Commission to hold public hearings for the purpose of adopting and standardizing safety rules and regulations. At these hearings the commission will meet in committees from the employers for the purpose of thoroughly going over the field with them. With their assistance such safety rules as are necessary to protect the lives and limbs of employees will be drafted and made into orders of the commission, but no action will be taken without the co-operation of the employers.

HALL WILL CARRY SOLID SOUTH FRIENDS CLAIM

Fred H. Hall's nomination for Governor by the Democrats is now claimed as positive by his managers. The following estimate of his strength was issued Wednesday by his San Francisco headquarters in the Hotel Argonaut.

Hall will have practically the solid south, carrying Los Angeles county by a 75 per cent vote, Riverside by at least 65 per cent, Orange and Imperial by 75 per cent; and San Bernardino, Ventura and Santa Barbara by 90 per cent.

The San Joaquin will be solidly for Hall with the possible exception of Kings, which is expected to cast a large complimentary vote for its favorite son, Charles King. Nevertheless, Hall has much strength in Hanford, which is not conceded wholly to King.

Kern, Hall's home county, of course will be for him to a unit. So will Tulare, where he was born. Advices from Fresno, Merced, Stanislaus, Madera and San Joaquin show that he is far in the lead there.

In the north Hall has made astonishing progress, he reports, in his recent tour. He sends back word to the same effect as to the Sacramento valley, which he has toured to Sacramento.

Around the bay, Hall is stronger than his opponents. San Francisco will be his by a large plurality, Marin is conceded to him. He will carry Alameda county by 90 per cent and Contra Costa by 80 or 85 per cent.

STRONG IRISH PLAY AT VIM THIS EVE

At the Vim theatre this evening the patrons of that popular show house will witness for the first time the three reel drama, "A Daughter of Old Ireland."

In this quaint but forceful play the leading role is carried out by Miss Gene Gauntier who as a dashing, and bewitching Irish colleen captivates and wins the heart of an English lord. The Warner film company in producing "A Daughter of Old Ireland," went to a great deal of expense many of the scenes being actually taken within a few miles of the Lakes of Killarney.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

CANDIDATES ALL GREAT OR SMALL INVITED TO GAME

CHANGE MADE IN LINEUP; MCCORMICK DROPPED; IN GRAHAM BACK, AND WARD PLANTED ON SECOND.

Old King Baseball will on Sunday afternoon hold sway of all that he can survey at the First street grounds when the Richmond team will once again tangle in rapid fire fashion with its old and much defeated rival, Martinez.

The Martinez team reminds us to a considerable extent of Battling Nelson, one famous prize fighter, who, though he has listened to the death knell of the time's going on numerous occasions, still comes back for more.

But the Martinez team lacks what Bat Nelson has and that is stamina. As long as the score favors the county seaters they are a bunch of hitting fiends, but let the sands in the hour glass be reversed and the score slightly overbalanced and they soon slip rapidly into oblivion.

Connie Mack once stated, "that the reason he took so much pride in his world famous athletics was on account of their ability to perform in public," and, right here, we want to dip our bill and state that those are exactly the words used by Manager Howard French in speaking of the local boys.

And, gentle reader, in asking, "can they perform," why they act like a bunch of ring generals, when it comes to picking the pellet hot off the ground, whipping it to first, second or to home, and when it comes to hitting, why, "they be regular gosh dings" as one Concord greybeard recently said.

Whether for the better or the worse, Manager French has been obliged to cause a shift to be made in his team. Little Sammy McCormick who pulled grass in left field, and who was forever being knocked out, has been dropped from the club on account of (illness) and Roy Hyatt, the winner of the popular boy contest at Cordelia, has been put in his place. The vacancy created by Hyatt from the second station is to be filled by Dick Ward the Vallejo player who in last Sunday's contest held down the initial sack.

Captain Kenneth Ingram who has been basking in the smiles of Old Sol and Mother Earth in the Yosemite will be on deck for the coming struggle and from the way that Kenneth walks and talks, it's a cinch that Hal Chase in his prime had nothing on him.

Ingram's absence from the team has been greatly missed and it is an assured fact that when he gets back into the harness that the boys of the infield will be called upon to open up a few more notches in the speed.

Judge E. Richards, of the court of appeals, will speak before the ladies of the Republican Women's Club of Richmond next Wednesday evening.

JUBILEE WILL BE CATHOLIC EVENT

(Continued from Page One)

Van Bree O Salutaris West Te Deum Schoepf Tabtum ergo Gregory Laudate Dominam Hama

The soloists are to be from the Oakland Conservatory of Music, Miss L. Zetterland, contralto; Percy Biggart, tenor; Mrs. Adolph, organist, and Adolph Gregory, director and bass, have offered their services.

Father Porta is to act as the celebrant at the high mass.

Father McMullen of old St. Mary's church, San Francisco, is to deliver the celebration sermon.

Father P. Cummins, pastor of the Mission Dolores will act as deacon, and Father John Valentine, pastor of the Sausalito church as the sub-deacon. Father Edward Nolan, pastor of the Melrose parish has been named as master of ceremonies. All the pastors of the different parishes in Contra Costa county have been named to assist at the holy services.

Historical Chalice.

In connection with the high mass services a chalice will be used which is of a particularly beautiful design and has a very interesting history. The chalice is one which was carried off by the Maximilian invaders during the invasion of Mexico and which later came into the possession of Henry Fitch. Making the acquaintance of a Mrs. Delfina, a daughter of a former governor of California, between the years of 1836 and 1842, he presented it to her. She later gave the chalice to the San Pablo church at the time of its dedication 50 years ago. Mrs. Delfina was a sister of Attorney Henry Alvarado, who is a resident of this city.

According to the plans the altar of the San Pablo church is to be beautifully decorated with red and yellow flowers and palms for the services Sunday. Preceding the high mass there is to be low mass at 8 o'clock.

Aged Parishoners Honor Guests.

After the jubilee services a free lunch is to be served by the ladies of the Pinole and San Pablo parishes, at which all those who were present at the dedication a half century ago, some 15 in number, are to be guests of honor. Arrangements have also been made so that all others who are present may secure lunch without leaving the church grounds.

Following luncheon the afternoon is to be devoted to sports of Spanish and American origin which will include motor, bicycle, foot and horse races. The Pinole boys' band is to furnish music throughout the day.

All Southern Pacific trains are to stop at San Pablo Sunday to allow visitors from Richmond, Oakland and San Francisco to attend the celebration. The visitors will be conveyed from the San Pablo depot to the church by autos free of charge.

MYSTERY OF LOST STUDENT IS SOLVED

Miss Emma Cross, former university student, whose disappearance a few weeks ago raised such a hue and cry the entire length of the entire length of the state, has been located at Lordsburg, a suburb of Los Angeles, according to news received by friends.

Miss Cross was lost, because womanlike, she changed her mind. Instead of going at once, to Lordsburg, from Watsonville, as she had planned, she stopped to visit friends at Venice, ignorant of the excitement her disappearance had caused.

The disappearance of the girl, who has been a special student at the University of California and of the California School of Arts and Crafts, was reported to the Los Angeles police on July 30th. At Watsonville, where she was last seen, San Francisco, Berkeley, Los Angeles and San Diego the department sought to find a clue as to her whereabouts, and with each day of suspense friends in Berkeley, put two and two together from the girl's story of her family troubles and imaged the possibility of a crime.

Will Go North.

B. L. Johnston, manager of the Stege Lumber & Hardware company, will leave for Eureka tomorrow.

Adams on Trip.

Frank Adams, local coal dealer, left yesterday for a two weeks trip to Casadero.

JAPS ANXIOUS TO MIX IN WAR

and Japan seas is being resumed. Regarding the Atlantic, the British admiralty gives assurance that the ocean routes are well patrolled and guarantees quick resumption of the Atlantic passenger service.

Several steamships which previously had been provisionally requisitioned for governmental purposes have now had their sailing dates fixed. The Olympic is to depart on August 19, the Mauretania August 29 and the Lusitania September 11.

A dispatch to the Chronicle in London from West Hartlepool says that the captain of the Danish steamer Huldamaersk declares that he passed seven sunken German ships fifteen miles off Spurnhead at the northeast entrance of the Humber. Only the masts of the vessels were visible above the water but the captain believes they were German men of war.

Belgium accounts of yesterday's cavalry encounter, known as the battle of Haelen, give the total German casualties as high as 3000 killed and wounded. No German report of the engagement has been received.

The Belgian staff believes the German movement at Haelen was an attempt to reach Brussels, which today is stated to be "no longer in danger."

French official reports say the Belgians captured 2000 German prisoners at Liege and the French have taken 1500 along the frontier. The Belgian government has requested France to provide places of internment, owing to lack of room in Belgium.

The "Staats Zeitung," in New York this morning publishes a report that four British dreadnaughts and six cruisers have been sunk in the Humber on the east coast of England as a result of an attack on the British fleet by sixty German torpedo boats.

Equalizers Canvassing.

John Mitchell, member of the state board of equalization, left Richmond today for a canvass of every precinct in the county.

Church Notice.

Pastor J. G. Mangold of the German Lutheran church, will preach at the Wesley Methodist church, corner of Ninth street and Nevin avenue on next Sunday afternoon at 3:30 p. m., August 16th, and every Sunday thereafter, in the German language. Everybody, especially all Germans, are cordially invited to attend the meetings.

YOUTHFUL WAR CORRESPONDENT VISITOR HERE

(Continued from Page 1)

"but I, for one, certainly never had the faintest idea that the dreams then indulged in would materialize in the substantial way they have."

Word was reported from Mazatlan, Mexico, to Seattle six weeks ago by Victoriano Huerta, ex-president of Mexico. This is the second time he has been deported from the turbulent country south of the Rio Grande, the first time being when Governor "Honest Abe" Gonzales of Chihuahua deported him following the successful termination of the Madero insurrection. During several years spent in attention.

the field in Mexico he has spent nine periods in jail on various charges. When American marines entered the city of Vera Cruz Wood was in jail, held incommunicado on charges that he had falsified news from the Constitutional army in favor of the Carranzaists, in Mexico City. He knew nothing about the invasion of Vera Cruz until he arrived in Mazatlan under guard.

A South African born, and therefore a British subject, Wood said that he intended, if he saw a possible chance, to ship from the Bay to England at the first opportunity, and "mix in" the war.

"I've seen quite a little scuffling of various kinds in Mexico," he said, "and I can testify that General Sherman's jaculation concerning war describes that conditions of events exceedingly competently. I've seen men lying on battlefields with worms crawling around in their wounds, dying for want of food and

A HEAD-ON COLLISION FAIR FEATURE

RAILROAD TRACK IS BEING BUILT TO STAGE EXCITING ATTRACTION AT SACRAMENTO.

SACRAMENTO, Aug. 14.—Work is being rushed on laying the tracks in the in-field at the State Fair Grounds for the head-on locomotive collision that will be one of the big free attractions of the fair in September. The collision will be similar to the one held last year, which attracted thousands of people anxious to experience the thrill of witnessing a real railroad wreck.

A large crew of men under the direction of H. R. Wright, who had charge of staging the wreck last year, are laying the track and the locomotives will be on the grounds before many days. The track this year is being laid with a heavier road bed, so that great speed will be reached when the engines crash. The locomotives will be given exhibition runs over the road every day of the fair until the date of the final crash.

The engines, which weigh 60 tons apiece, are being put in shape for the wreck. One locomotive is of the standard type, while the other is a 10 wheeler. The engines were built several years ago by the Baldwin Locomotive Works at Schenectady, New York, for the

Central Pacific company and the Pennsylvania system. The lighter engine, the standard type, pulled the Congressional Limited for many years between Washington, D. C. and New York City. The heavier one was operated over the mountains.

The engines were sold to the Ocean Shore Railroad company a number of years ago where they were used in construction work. After the construction work was finished the locomotives were used for pulling freight and passenger trains, continuing in service until purchased by the fair committee.

SAN MATEO DOCTOR IS OFFERED WAR ZONE POSITION

SAN MATEO, Aug. 13.—Dr. W. C. Chidester, medical director of the St. Matthew's Red Cross Hospital at San Mateo, has been asked to take charge of the Red Cross relief work in the European war service. The wire which was received today from Washington did not indicate to which power Dr. Chidester had been assigned, but stated that he was to have full charge of the work with a corps of surgeons and nurses under him.

Dr. Chidester has accepted the appointment on the condition that arrangements can be made for him to sail on a later boat. The steamer carrying the relief corps leaves New York on August 20th and it would be impossible for Dr. Chidester to get his affairs in shape and reach New York by then. Because of the importance of Dr. Chidester's post, Major Robert U. Patterson of Washington, D. C., who made the appointment, is considering delaying sailing until the doctor can arrive.

Dr. Chidester formerly was an Army surgeon and had an important commission during the Spanish-American War. He has been president of the National Bank of San Mateo. He played an important part in the rebuilding of the Red Cross Hospital, which just moved into its \$200,000 home which was donated by Mrs. Whitelaw Reid.

MILLIONS FOR IRRIGATION

Van Wyck's Talks for Governor.

Yesterday, I said that I would tell you my plan of building storage reservoirs in the mountains, and saving millions upon millions of dollars worth of water (useful for the making of cheap electric power and for irrigation purposes) that goes to waste in our rivers every winter and spring.

We could build enough reservoirs to hold all this water, which is ours now. It will take money to do this, but the reservoirs will soon earn their cost. We would build these big enough to hold the flood waters over one, two or even three dry seasons, if necessary.

A fraction of the work has already been done by corporations. But fourteen-fifteenths of the waters of the State still remain uncontrolled. THE PUBLIC OWNS this big balance.

To make our waters serve us is the biggest thing to be done in California.

It is more important than party politics. It is the BIG PLANK IN MY PLATFORM.

The people should realize that "State Storage Reservoirs" mean cheaper electric power, cheaper water, plenty of both. These would develop factories, electric railroads, cities, farms, mines, lumber mills. As the power bill goes down, new concerns would start, all requiring labor. With laborers in demand everywhere, wages would go up. Employers would produce more and merchants sell more and both would be able and glad to pay the higher wages.

But you say: Why should the State undertake this work? Why not leave it to corporations, as at present? I will answer tomorrow.

of San Francisco,
Candidate for Governor of California
(Democratic Nomination)

THREE SALES START SIMULTANEOUSLY

Three sales starting simultaneously, tomorrow morning will mark an epoch in the merchandising of the firm of Jones & Adkison and Jones, Adkison, McCracken Co., in the 1st National Bank building, and W. S. McCracken, 30 and 32 Washington avenue. This sale will last but seven days, commencing tomorrow morning, August 15th, and ending on Saturday evening, August 22nd. Sharp decisive price-cutting is expected to attain the desired end of stock-lowering in this time. All previous sales will be eclipsed in the matter of price-cutting and it is expected that a greater amount of money will be taken in than was ever before received by these stores in the same length of time. Every member of the family will be benefited by this event, for nearly every line of men's women's and children's wearables in complete variety, is represented in these large concerns.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use too. You simply dampen a sponge or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

VOLUNTEERS GOT SIGNERS FOR JUDGE LAWLOR'S PETITION

Judge William P. Lawlor of the Superior Court of San Francisco, candidate for the nomination for Associate Justice of the Supreme Court, had close to 9000 signatures to his nomination petition, and every one of these names was secured by volunteers. The fact that this number of names were secured by volunteer workers is considered by the friends of Judge Lawlor as a big asset. These signatures were secured in twelve counties of the state, although they could easily have been secured in San Francisco alone.

Judge Lawlor will tour the southern part of the state for several days this week, returning to San Francisco by way of the San Joaquin Valley, stopping at several of the important cities in that section on his way back. After his southern trip Judge Lawlor will journey through the Sacramento Valley.

ORPHEUM HAS A FINE BILL FOR PRESENT WEEK

It is really a pleasure to those who love a fine bit of dramatic work to watch the finished performance which Miss Chrystal Herne gives in her sister Julie's play called "Dora" at the Oakland Orpheum this week. Miss Herne is the daughter of the late Jas. A. Herne, and was formerly leading woman for John Mason and other American stars. She brings to Miss Herne's play a wealth of talent and experience and makes the little act stand out like a cameo. It is a gripping piece of work all the way and although it occupies the stage for only a dozen minutes, leaves an impression on the audience that is a splendid testimonial to its power.

In quite another line of work appears Alleen Stanley known as "the girl with the personality." She is a lively dashing maiden who deals out clever rag time songs with a flourish, every one of them being a hit. Miss Stanley surely has a personality for the songs she renders are not extraordinary even though they appear so as they come from her lips.

Marie & Billy Hart are wonderful versatile people who tackle a half dozen lines of entertainment in the fifteen minutes they use the stage. They give a bit of circuit life, some burlesque mind reading, a specimen of grand opera when Marie Hart sings while on the steel wire, cornet music and several lively French songs—all brilliantly clever stuff and very well put over.

The Wharry Lewis Quintette gets a big welcome at each show. Several of the Quintette are Oakland musicians and big favorites. They render some delightful music on a variety of instruments including the piano, violin, cello and flute. Miss Lewis' selection from Samson & Delilah was one of the very pleasing features of the offering.

The youngsters and many who are not in the youngest class enjoy Emil Pallenberg's trained bears who skate around on roller skates and bicycles and otherwise amuse the populace.

Clark & Verdi, the Italian comedians have become great favorites in their laughable dialect chatter in which a newly arrived Italian emigrant is coached by a wise Italian who has been in this country just long enough to acquire a smattering of information, so that his blunders are even funnier than those of the Italian who has just landed from the boat.

Ernette Asoria and Miss Eliante and Chaveller de Mar give a series of society dances that are exquisitely done.

NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF BOND ISSUED FOR THE IMPROVEMENT OF TWENTY-SECOND STREET.

DEFAULT having been made in the payment of the installment of the principal and interest of that certain street improvement bond hereinafter described which became due on the 2nd day of July, 1913; and the 2nd days of January and July, 1914.

And the holder of said bond having, on the 4th day of August, 1914, duly demanded in writing that the City Treasurer of the said City of Richmond proceed to advertise and sell the lot or parcel mentioned upon which said bond was issued for making certain improvements on Twenty-second Street, in the City of Richmond, pursuant to and under the provisions of Resolution of Intention No. 134, of the City of Richmond; and the said bond, or its unpaid remainder, with accrued interest, as expressed in said bond, having thereupon become due and payable immediately, and upon the day following, to-wit: the 5th day of August, 1914, having become delinquent, and the whole amount due on said bond not having been paid;

NOW, THEREFORE, notice is hereby given that I, I. R. Vaughn, City Treasurer of the City of Richmond, under and by virtue of the authority vested in me by law, will, on the 3rd day of September, 1914, at the hour of 10 o'clock A. M. of said day, sell at public auction the real property hereinafter described and mentioned in said bond, at the office of the said City Treasurer of said City of Richmond, unless the amount due on said bond and the interest due thereon, together with the cost of publication of this notice are paid, according to law; and that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, together with the cost of publication of this notice; that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California entitled: "Improvement Act 1911," approved April 7, 1911.

That the said bond referred to in this notice is described as follows:

Street Improvement Bond, Number 12, Series 36, Assessment Number 14, in the City of Richmond, County of Contra Costa, State of California, for the sum of Ninety-eight and twenty-seven one-hundredths dollars (\$98.27) bearing interest at the rate of seven per cent. per annum, issued for the improvement of Twenty-second Street, in the City of Richmond, from the northerly line of Macdonald Avenue to the southerly line of Montgomery Avenue; said bond is dated February 4, 1913, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the street improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which for said street improvement said bond was issued, is that certain parcel of land situate in the City of Richmond, County of Contra Costa, State of California, more particularly described as follows, to-wit:

Lot Number Fourteen (14) Block Number One hundred twenty-eight (128) as delineated and so designated upon that certain map entitled "Amended Map of the City of Richmond" filed in the office of the Recorder of Contra Costa County, State of California, on the 3rd day of March, 1905.

That the amount due on said bond is as follows:

Due on principal thereof Ninety-eight and twenty-seven one-hundredths dollars (\$98.27); Due on account of interest accrued on said bond Nine and two one-hundredths dollars (\$9.02); Total amount due on said bond One hundred seven and twenty-nine one-hundredths dollars (\$107.29);

That the name of the owner of said property mentioned in said bond is UNKNOWN.

Unless the amount of said bond as aforesaid, together with the cost of publication of this notice is paid,

the real property mentioned in said bond, and hereinafter described, will be sold at public auction, as aforesaid, on the 3rd day of September, 1914, at the hour of 10 o'clock A. M. of said day, at the office of the undersigned, City Treasurer of the City of Richmond, 420 Macdonald Avenue, said City.

This notice shall be published twice in the Richmond Record-Herald, a newspaper of general circulation, published in the said City of Richmond, which said newspaper is hereby designated as the newspaper in which this notice shall be published.

DEFAULT having been made in the payment of the installment of the principal and interest of that certain street improvement bond hereinafter described which became due on the 2nd day of July, 1913; and the 2nd days of January and July, 1914.

And the holder of said bond having, on the 4th day of August, 1914, duly demanded in writing that the City Treasurer of the said City of Richmond proceed to advertise and sell the lot or parcel mentioned in said bond and hereinafter described, to represent an assessment upon which said bond was issued for making certain improvements on Maine Street, in the City of Richmond, pursuant to and under the provisions of Resolution of Intention No. 125, of the City of Richmond; and the said bond, or its unpaid remainder, with accrued interest, as expressed in said bond, having thereupon become due and payable immediately, and upon the day following, to-wit: the 5th day of August, 1914, having become delinquent, and the whole amount due on said bond not having been paid;

NOW, THEREFORE, notice is hereby given that I, I. R. Vaughn, City Treasurer of the City of Richmond, under and by virtue of the authority vested in me by law, will, on the 3rd day of September, 1914, at the hour of 10 o'clock A. M. of said day, sell at public auction the real property hereinafter described and mentioned in said bond, at the office of the said City Treasurer of said City of Richmond, unless the amount due on said bond and the interest due thereon, together with the cost of publication of this notice are paid, according to law; and that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, together with the cost of publication of this notice; that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California entitled: "Improvement Act 1911," approved April 7, 1911.

That the said bond referred to in this notice is described as follows: Street Improvement Bond, Number 55, Series 38, Assessment Number 106, in the City of Richmond, County of Contra Costa, State of California, for the sum of Eighty-seven and thirty-four one-hundredths dollars (\$87.34) bearing interest at the rate of seven per cent. per annum, issued for the improvement of Maine Street, in the City of Richmond, from the easterly line of First Street to the westerly line of Tenth Street; said bond is dated March 3, 1913, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the street improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which for said street improvement said bond was issued, is that certain parcel of land situate in the City of Richmond, County of Contra Costa, State of California, more particularly described as follows, to-wit:

Lot Number Two (2) Block Number Seven (7) as delineated and so designated upon that certain map entitled "Townsite of Santa Fe" filed in the office of the Recorder of Contra Costa County, California, on the 17th day of March, 1900.

That the amount due on said bond is as follows:

Due on principal thereof Eighty-seven and thirty-four one-hundredths dollars (\$87.34); Due on account of interest accrued on said bond Seven and fifty-two one-hundredths dollars (\$7.52); Total amount due on said bond Ninety-four and eighty-six one-hundredths

dollars (\$94.86);

That the name of the owner of said property mentioned in said bond is UNKNOWN.

Unless the amount of said bond as aforesaid, together with the cost of publication of this notice is paid, the real property mentioned in said bond, and hereinafter described, will be sold at public auction, as aforesaid, on the 3rd day of September, 1914, at the hour of 10 o'clock A. M. of said day, at the office of the undersigned, City Treasurer of the City of Richmond, 420 Macdonald Avenue, said City.

This notice shall be published twice in the Richmond Record-Herald, a newspaper of general circulation, published in the said City of Richmond, which said newspaper is hereby designated as the newspaper in which this notice shall be published.

**"CLASSMATES" IS
FOUR REEL FEATURE**

"Classmates" a strong story which is woven about the lives of two young men at the West Point military academy is the feature four reel Vitagraph picture which is to be shown to the patrons of the Richmond theatre this evening.

The story hinges upon a trivial act of jealousy which occurs during the commencement exercises at the academy and reaches its crisis when the two cadets are both lost in the dense underbrush on one of the Moro islands in the south seas.

Another reel of importance will be that of Mary Pickford being the sixth of the forty-five reels of her life to be shown here.

Another Vitagraph comedy will then be shown featuring Miss Flora Finch in a "Train of Incidents."

BRITISH SHIPS RETURN TO HOME PORT

GERMAN CRUISER LEIPSI NOW HAS THIS PART OF PACIFIC OCEAN TO HERSELF.

With the arrival yesterday at Victoria of the British cruiser Rainbow and the sloops of war Algerine and Shearwater, the German cruiser Leipzig, which has been cruising outside the harbor for several days, has the Golden Gate offing to herself, and there is no immediate likelihood of the hostile ships getting together.

As the Leipzig's coal supply must necessarily be running low, it is believed in shipping circles that the warship will come in here for fuel to enable her to return to a German port or to continue the cruise.

While the Leipzig has been definitely placed, shipping men are still speculating as to the position of the Nurnberg, which, when her wireless was heard "talking" by the operator of the British steamer Persia, was two days west of Honolulu, apparently headed for China.

Cruisers Reported on Way
Northern advices are to the effect that the trio of British vessels will remain on the British Columbia coast to protect the steamers of the Canadian Pacific and Blue Funnel lines. Two British cruisers are reported to have left New Zealand to patrol the Australian-Victoria steamship route.

Lloyd's is now quoting war risk insurance, which, it is said in shipping circles, will make it possible for charterers to dispatch the foreign sailing vessels and steamers laden with California barley to Europe.

As yet none of the British or French vessels have left port, but many of the agents say they will be prepared to dispatch them as soon as it is possible to negotiate the papers.

The Norwegian steamer Guernsey, which left Wednesday night, and the Danish steamer Transvaal, which got away yesterday, both barley laden, are the first of the internee fleet to venture forth.

The report brought by a fishing smack that a body clad in a white uniform was floating off Point Bonita caused the naval authorities on the Yerba Buena island to send out a launch to investigate if the corpse was that of a man-of-war's man. The launch cruised about for several hours but failed to locate the body. According to the naval authorities, no one attached to the American ships in port is missing.

Sighted off Coast.
The steamer Queen, from Seattle, which arrived yesterday, reported

WEST END CATHOLICS WILL HAVE BENEFIT VAUDEVILLE SHOW

Under the direction of Reverend Father J. Cummins, the members of the Parish of Our Lady of Mercy church are planning a benedict vaudeville entertainment for the evening of August 22nd, which will be given at the Opera theatre. Both amateur and professional talent of Richmond, Oakland and San Francisco have volunteered to take part in the entertainment.

Among those who have signified their willingness to contribute toward the success of the church entertainment are Mrs. Whitcomb, of Richmond who will sing a number of negro dialect songs; Mrs. Fred Eggert, of Oakland will give dialect imitations; Miss Irene Hannan and Master Matthews of San Francisco will sing Irish, Scotch and English songs and give exhibitions of the native dances of the three countries; Company L. of the League of the Cross of San Francisco will present a sketch entitled, "The President's Gift;" a quartet from the Oakland League of the Cross company will sing; Elmer Gallagher of San Francisco, with his English bulldog, trained to sing with his master, is to be an entertaining feature, and a number of others are expected to volunteer their services before the date of the vaudeville entertainment.

FUNERAL SERVICES OF PUMPER HELD

The funeral services of Daniel C. Wilhelm, the aged pumper, residing on the west side, who dropped dead while on his way to work Wednesday morning, was held from the Smallwood undertaking parlors yesterday afternoon, the interment taking place in Mountain View cemetery.

The funeral services were in charge of Rev. Linsley of the Trinity Episcopal church of this city, passing off Fort Bragg about 10 o'clock yesterday morning a warship with three funnels, which is supposed to have been the German cruiser Leipzig. The vessel was steaming in a westerly direction.

The crowds on the beach at Santa Cruz also say a three-funnel warship off that city about 3 o'clock yesterday afternoon. It became visible when the fog bank lifted. The warship, thought to be the Leipzig, was about six miles off shore and headed for San Francisco. She was running at a high rate of speed, dense smoke pouring from all her funnels. After the fog lifted the vessel put further out to sea.

The British steamer Cape Ortegal, Captain Macdonald, from England, laden with coal for the United States Government, which arrived here yesterday, did not report seeing the Leipzig and was not molested on her trip up the coast. The Cape Ortegal went to California City to unload.

MRS. WELCH OF SPANISH FAMILY ILL AT HOME

WALNUT CREEK, Aug. 14.—Mrs. Felipe Welch, widow of William Welch of the famed Welch family who held title to the Las Juntas rancho that embraced an area of 13,292 acres and came as a gift from the monarch of Spain, is lying at her home here in a critical condition of health.

The vast patrimony the family once held by gift of sovereign favor is now in other hands.

The name of Welch lives upon the records of the county and is met with in every search of title for lands lying between the county seat and Walnut Creek.

FOODSTUFF PRICES TO BE PROBED

UNITED STATES ATTORNEY PRESTON KNOWN TO HAVE LIST OF WITNESSES FOR GRAND JURY.

Increases in the prices of foodstuffs sold in San Francisco will be made the subject of an investigation by the Federal Grand Jury, as a result of an order by President Wilson directing Attorney-General McReynolds to take up the question as to whether persons responsible for "war prices" can be prosecuted. The Grand Jury met yesterday, and the matter of the approaching inquiry was informally discussed.

Although United States Attorney Preston showed little enthusiasm, it is known that he is in possession of a list of wholesale and retail grocers' associations, all of whom may be subpoenaed to appear before the Grand Jury next Monday.

The inquiry will be based on the Washington investigation, which will make special agents and investigators of the Department of Justice in every section of the United States available to collect evidence for any action the Attorney-General may believe is warranted.

While Preston would not commit himself as to his immediate intentions, it became known that the difficulty experienced in the past in securing legal evidence of a conspiracy to increase prices is weighing in the balance against beginning the investigation. Despite this, however, members of the new Grand Jury expressed themselves informally as being ready to proceed as soon as the United States Attorney produces the witnesses whose names decorate his list.

Whether Preston will ask for indictments against men found to be engaged in the alleged conspiracy to take advantage of the European situation to gouge home consumers of foodstuffs he did not state. Should evidence ordinarily sufficient to result in a true bill be found as a result of the inquiry here, Preston may lay the result before McReynolds as a part of the proofs of conspiracy sought by President Wilson.

Meanwhile, with sugar as the main factor in the increases, food prices steadily advanced yesterday. Sugar will be the first subject of the probe by the Grand Jury, and carriers, refiners, jobbers, retailers and others will be quizzed with a view to learn whether it has cost more during the last few days to produce, transport and handle sugar than before the war began. Among the prospective witnesses it is said, are Mayor Rolph, Captain William Matson and others connected with bringing sugar from the Hawaiian islands.
